

comparative welfare capitalism in pdf

Major wars and economic crises force the pace of change within and between capitalist states, giving rise to new alignments and shifts in the geopolitics of world capitalism. 1 At the time of writing this article, turmoil in financial markets triggered by faltering growth in significant parts of the globe was provoking fears that the world economy was plunging into another recession.

China's capitalism and the crisis – International Socialism

political commentators believe that traditional societies are being transformed into modern societies with traditional features destined for oblivion. Problems encountered are assumed to be consequences of this shift to modernity
