Early texts have his personal name as "Gautama" or "Gotama" (Pali) without any mention of "Siddh rtha," ("Achieved the Goal") which appears to have been a kind of honorific title when it does appear.

A smooth, harmonious, and active flow of qi creates harmony in the body and a balanced state of being in the person. This personal health is further matched by health in nature, defined as regular weather patterns and the absence of disasters.
