River Campus Libraries

Contains the electronic versions of 80 books previously published in hard copy as part of the Country Studies Series by the Federal Research Division. Intended for a general audience, books in the series present a description and analysis of the historical setting and the social, economic, political, and national security systems and institutions of select countries throughout the world.

About this Collection | Country Studies | Digital

A library is a collection of sources of information and similar resources, made accessible to a defined community for reference or borrowing. It provides physical or digital access to material, and may be a physical building or room, or a virtual space, or both. A library's collection can include books, periodicals, newspapers, manuscripts, films, maps, prints, documents, microform, CDs ...

The Great Library That library, of course, was the Great Library of Alexandria, a public library open to those with the proper scholarly and literary qualifications, founded about 300bc.

Survivor: The History of the Library - History Magazine

A public library is a library that is accessible by the general public and is usually funded from public sources, such as taxes. It is operated by librarians and library paraprofessionals, who are also civil servants.. There are five fundamental characteristics shared by public libraries: they are generally supported by taxes (usually local, though any level of government can and may ...
