A stranger is a person who is unknown to another person or group. Because of this unknown status, a stranger may be perceived as a threat until their identity and character can be ascertained. Different classes of strangers have been identified for social science purposes, and the tendency for strangers and foreigners to overlap has been examined.

Stranger - Wikipedia

The Strangers are an American country band that formed in 1965 in Bakersfield, California. They mainly served as the backup band for singer-songwriter Merle Haggard. However, from 1969 to 1973, they issued several records independent of Haggard, released on Capitol Records. Merle Haggard named the band after his first hit single (My Friends Are Gonna Be) Strangers.
