An algebraic number field is a finite extension of \mathbb{Q} ; an algebraic number is an element of an algebraic number field. Algebraic number theory studies the arithmetic of algebraic

Algebraic Number Theory - James Milne -- Home Page

International relations theory is the study of international relations (IR) from a theoretical perspective. It attempts to provide a conceptual framework upon which international relations can be analyzed. Ole Holsti describes international relations theories as acting like pairs of coloured sunglasses that allow the wearer to see only salient events relevant to the theory; e.g., an adherent ...

International relations theory - Wikipedia

and therefore $C = \log X_0$ In case there are restrictions on allowed sequences we may still often obtain a difference equation of this type and find C from the characteristic equation.

A Mathematical Theory of Communication - Bret Victor

Production is a process of combining various material inputs and immaterial inputs (plans, know-how) in order to make something for consumption (the output). It is the act of creating output, a good or service which has value and contributes to the utility of individuals.. Economic well-being is created in a production process, meaning all economic activities that aim directly or indirectly to ...
