While I definitely loved Man Made Boy, I have to admit the sequel was just not my thing. It's been TWO YEARS since the first book came out so a) I'd forgotten a lot of stuff, and b) my reading tastes have changed a bit, and c) I don't actually feel like This Broken Wondrous World added much to the story.

I recommend reading the first book in the series, you know, first (I only say this because I didn't), but I can say both "Man Made Boy" and "This Broken Wondrous World" are well-written, captivating, and can stand by themselves plot-wise without too much you have to remember to enjoy the sequel.

Although This Broken Wonderous World, is a second book of the series, the author makes very few references to the first book, and makes this book itâ€™s own story. My two favorite parts of the novel are the description of character, their feelings and actions, and the scenery.
